

Liverpool Safeguarding Children's Board priorities:

- Children in Liverpool are safeguarded and protected from harm, including abuse, neglect and exploitation
- The voices and experiences of children and young people are fully embedded in practice and service planning
- Learning from reviews is embedded through the delivery of robust action plans which enable early and appropriate intervention work with a particular focus on domestic abuse, neglect and child exploitation
- Improve children's emotional health and well-being
- Improve safety in the first one thousand days (conception to aged 2)
