## LEARNING FROM MUM

**Nursery Baby Workshop**

Parents kindly brought their babies into our Nursery for a Baby Workshop with the children. During the day, Nursery pupils were given the opportunity to help change a nappy, bottle feed a baby, change the clothing and help bath the baby. The children thoroughly enjoyed taking part in all the activities which helped to bring their topic to life. A big thank you to all the mums who came into school with their babies and helped create such a memorable day.

# Chocolate Whirled

As part of their current topic on the Mayans and Aztecs, Year 6 went on a trip to learn more about the origins of chocolate from these civilizations. They visited 'Chocolate Whirled' in Southport, where they took part in several workshops. Pupils were taken on a journey of discovery about the Mayans, Aztecs and their influence on the history of what we now know as 'chocolate'. Pupils applied some cross curricular learning when they were given a 'chocolate production budget'. From this budget, pupils had to design and produce their very own chocolate pizza! Needless to say, this was an activity they thoroughly enjoyed!

## WINTER CLOTHES AND NAME LABELS

With the recent spell of cold weather, many children are rightly coming to school wearing a hat, scarf and gloves. A reminder to please add a name label to all of these items. It makes returning them to the owner much easier when they get misplaced.

Have an enjoyable weekend
