Understanding the world

Thursday 23rd April is St. Georges Day. Watch the short videos on Cbeebies to find out how some people celebrate this day. St. George is the patron saint of England.

Look at a map of England, you could use Google Maps. Find Liverpool on the Map. Can you find the capital city of England? Have you ever travelled to any other cities or towns in England, can you find them?

Expressive arts and design

You could have a go to design and make your own shield like St. George, or maybe make or draw a dragon.

Can you make an England Flag? You could copy the flag from the link, make your own or colour it in on-line. What colours are needed for the England flag?

Watch the video clip.

Using the internet is good to explore different places but you need to be safe online. Discuss the online safety rules that the video clip suggests
