What is our weather like in the UK?

Which types of weather are hot and which are cold?

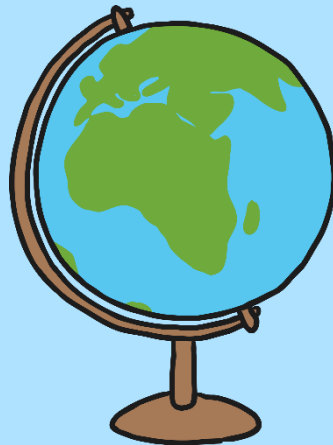

What would you like our weather to be like?

# Hot and Cold Climates

When we talk about what the weather is like in a place over time, we call it **climate**.

Countries have different types of climate around the world; they can be hot or cold.

Let's look at some pictures of The Arctic.  
Think about what it would be like to live in  
The Arctic.

A wide-angle photograph of an Arctic landscape. The foreground is a vast, flat expanse of snow and ice, with dark, irregular patches of water or meltwater scattered across it. The horizon is low and distant, with a pale, hazy sky above. The overall scene is desolate and cold.
